vivintlogo_sm.jpg
vivintlogo_sm.png

This is the smallest size of the logo. Please do not scale.

While orange is the standard version of the logo, the logos are also available in gray and white (white is in .png file type only) in the same sizes. Gray should only be used in black and white applications. Use the white logo on a color background.

If you think you will need a large version of the logo, please contact Marketing— we can help you determine what will work best for your application.

Thank you!
